INTRODUCTION

The **PROTOTYPE** project (Preventing School-Based Bullying by Creating Early Prevention Programme, Project No. 2021-1-PL01-KA220-SCH-000032708) Multiplier Event was organised and held on 5th of May 2024 by Osmangazi District Directorate of National Education (OMEM) at Nihat Aslanoba Practice Hotel conference hall. The aim of this Multiplier Event was to promote and disseminate the project results among the target groups, local community and other, to the project results relevant parties.

Organisers

The event was organised held by Osmangazi District Directorate of National Education (OMEM). Prof Dr. Rüşan Uz, Dr. Oya Güler, and project coordinator Pınar Ünal Akpınar were the spokespeople and speakers of the multiplier event. Nazife Yavuz was also the IT person and the organiser of the event.

Preparations

Prior to the event, an application process was initiated using a Google form to collect participation requests from interested individuals in schools. The schools were officially notified through an official letter about the event. Due to the event's duration, which spanned across two sessions, attendees were provided with two coffee breaks and lunch. In total, 61 teachers actively participated in the dissemination event. It is worth noting that a total of 101 teachers had applied for the project dissemination activity, and selection criteria based on being guidance and counsellor teacher, working at high schools and secondary schools and readiness level were employed to determine the final participants.

Event Overview

The dissemination event consisted of comprehensive presentations on the Prototype project. The information related to the project was shared, with a detailed examination of each intellectual output, followed by practical applications. Additionally, participants explored the prevention plan created on the Genially platform for the Prototype project and the gamification output, and teachers were encouraged to enrol in the available courses.

Session Structure

The dissemination event was divided into two sessions: a morning session (09:00-12:00) and an afternoon session (13:00-16:00). In the morning session, 61 participants actively participated, and the afternoon session. Consequently, a total of 61 participants were engaged in the dissemination event.

First session was introducing ourselves and giving a brief summary of what we aim with the multiplier event and what is going to be told about PROTOTYPE. Prof. Dr. Rüşan Uz gave a lecture

Co-funded by

about school based bullying. Then at the second session teachers were served food and beverage. While drinking and eating teachers and event holders talked and it was like a warm up activity.

At the third session Oya Güler presented the summary of PROTOTYPE, showed the project's outputs, One by one she presented the website of the project, project's Risk Analysis, Factor/Need Analysis then the digital games of PROTOTYPE. Pınar Ünal Akpınar explained each step of the School Based Bullying Prevention Plan and showed how to use explained the benefits of the interactive programme. At the 4th session participants asked questions about the details of the project and each participants' question was replied at once. At the 5th session the dissemination gifts which were prepared for the dissemination of the project were given to the participants. At the last session multiplier event's participant certificates were given.

Conclusion

The participants of the PROTOTYPE multiplier event done by OMEM found the event very successful and they were willing to learn the details of the project and project's outputs. The participants were interested in the Risk, Need Analysis, School Based Bullying Digital Games and Prevention Plan which are PROTOTYPE project's outputs. As the multiplier event participants were high school, secondary school teachers, they wanted to cooperate and have more multipliers like this one. Participants told that they would use the project's outputs. The multiplier event was a success.
